

November 2019

Dear Kristan, Dawn & everyone,

Words can never express all you have done for our folks and us three.

- You helped settle them in when mom did not want to be there.
- You sat them at a table with (people) they became friends with.
- You chatted with them about your lives and let the retired guidance counselor give you advice.
- You encouraged them to exercise, do crafts, come down to music and participate in parties.
- You kept dad occupied when mom went out.
- You helped during the bickering/confusion/fighting stage.
- You let mom do what she could do, and remain as independent as she could even though that was not easy.
- You knew us three by name and welcomed us to dinner, etc.
- You were always cheerful and respectful and gave mom extra desserts.

There are so many unknowns and worries as parents age and lose their abilities. I worried about how their final months and days would go.

You are angels and we are beyond blessed to have met you. No gifts or words will ever be enough. So we got you Culvers cards because that was one of their favorite places. Mom had a salad, with custard of course, and dad had the fish sandwich. Have a treat on them.

With love always,  
Paula, Paul & Kurt
